Dear Mr. Cook,

I am a graduate student, and was trying to complete the survey linked within the e-mail below. My input here is primarily as a comment regarding the survey, was because I found myself unable to complete it due to restricted answer options.

I am unable to complete the survey because the initial Mandatory Questions have no option for "0" in the number of home football games I attended in 2011 and plan to attend in 2012. A colleague mentioned that the redevelopment is proposed through increased student fees, which I would like the opportunity to give input on (through a survey such as this). This survey seems to only be able to accept responses from a certain portion of the A&M community (those who attend home games), yet if student fees are potentially affected, it seems that all should have the opportunity to respond.

Thank you for your time,
Mike Treglia

> We need the input of the 12th Man! Texas A&M University and the 12th Man Foundation are currently soliciting feedback and gathering data related to the future redevelopment of Kyle Field. We encourage all Texas A&M students to take a few minutes and complete a brief survey at <http://www.zoomerang.com/Survey/WEB22GJYMWM8HM>. Please watch the video from Coach Sumlin, then click "Submit" to begin the survey.
